BIRLA PUBLIC SCHOOL

EVERY CHILD IS SPECIAL

We believe every child is special. Different abilities, different dreams, different aspirations, every child is uniquely different from the other. Keeping this in mind, World School has come up with an innovative, holistic educational approach to mould the global student in an international way. **Under license from the Ministry of Education, Oman and technical tie-up with Birla Public School,** World School is next to etch a new trail in the arena of International School Education. Nestled at the serene landscape of Dhofar, World School is all set to mould a new generation of leaders.

INNOVATIVE APPROACH FOR THE DEVELOPMENT OF WHOLESOME CHILD

Development of a Wholesome personality needs attention in different spheres and the right moulding. Traditionally Schooling is viewed as a place to get a certificate! We believe that each kid has a right to get apt grooming that would make the kid an asset to his family as well as nation. Hence we approach the schooling with our **CORE CONCEPTS**, namely:

Knowledge - "Today knowledge has power. It controls access to opportunity and advancement:- Peter F Drucker" While the world is moving towards a knowledge based economy, equipping the kid with necessary and latest knowledge helps to make him the most competent entity in the competitive world

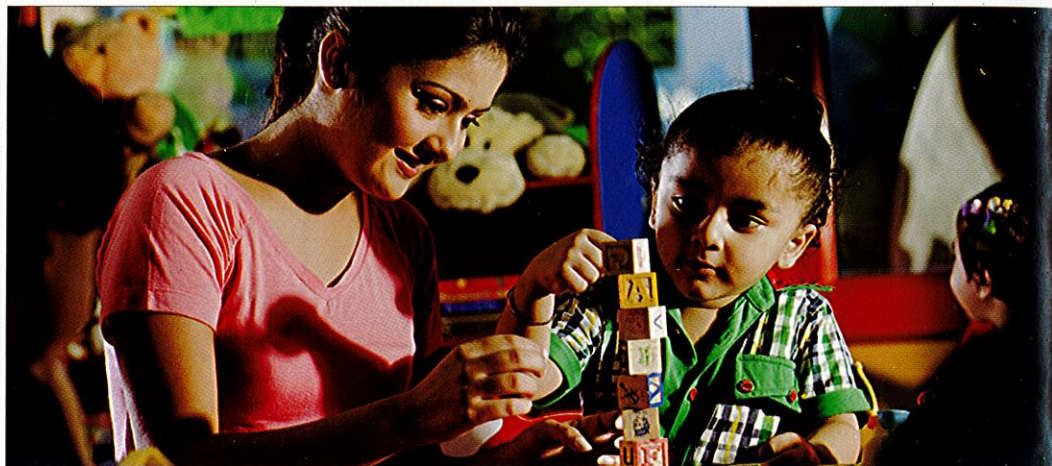

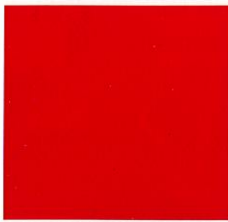

Values - "A good head and a good heart are always a formidable combination: - Nelson Mandela". Without values in life, life is not worth living. We groom them from tender age itself so that they develop as responsible Citizens with values.

Passion - "What we learn with pleasure we never forget :- Alfred Mercier". We develop passion in every kid to study and explore for knowledge making education a life-enriching activity

Transformation - World School transforms its students to a wholesome personality with the goal "VALUE BASED KNOWLEDGE ROOTED IN PASSION"

INTERNATIONAL SYLLABUS

World School uses CBSE-i syllabus which is more participatory than the age-old one way classroom teaching. World School is bringing a fresh breath in global education by adapting CBSE-International syllabus. **It combines the salient features of both IB(International Baccalaureate) and CBSE curriculums.** Taking teaching advantages and methods from Pan-Asian schooling traditions and latest educational technologies from Western Education, World School literally brings in world class education to your doorsteps.

Believing in the core concept "Educating; not Teaching" World School is not only shaping the future minds but also igniting their minds with vision.

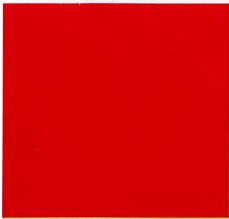

AN INSPIRING SCHOOL FOR YOUR ASPIRING CHILD

World School is bringing the breakthrough approach in education. By introducing visual-auditory-physical learning styles into classrooms, World School imparts a different educational approach to bring out the best in the student. As an authentic international school, World School has an international curriculum, global expert teaching faculty, cutting edge learning environment and world-class facilities. Working on the time-tested "Pentagonal Excellence Model"® in Education, World School has a holistic pedagogical approach to tap the full potential of the aspiring student. Believing education is a voyage of discovery, World School inspires young minds to reach stars.

ASSURING 100% PARENTAL SATISFACTION

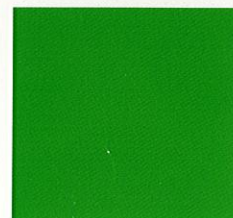

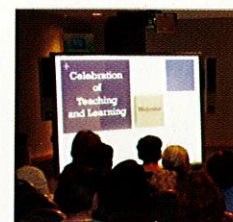

World School has all the backing and the support of the celebrated Birla Public School, a name which has created a lasting impression in the minds of global educational community, with a century-old trust in quality education sphere. As a reputed international education brand, BPS has moulded thousands of students into seekers of knowledge who are making their own niche in the society.
