# Charity drive shows 'value of sharing'

**B**IRLA World School, Salalah, organised a charity drive to inculcate the value of sharing among its students. This was in line with the school's philosophy of respecting human values and inculcating this among children not only by reading chapters in books but by practising it among themselves and in the society.

Teachers of the school motivated the little ones to do their part in making the event a success. Students were requested to bring any used items like cloths, books, footwear, toys etc. The drive was a success, as large quantity of articles were collected and handed over to Dar Al Atta Charity for distributing among the needy ones.

The Headmistress Monzy said the activity helped the students to understand sympathy, generosity, kindness, etc and is a part of their life skills curriculum. Earlier, the school organised a 'Traffic Safety Awareness' campaign in Lulu Hypermarket, Salalah.

The event was highly appreciated by the public who were happy to see such a care for society from the tiny tots.

family members.

Life is all about acceptance and adjustments, the wise men explained to me. It was an amazing conversation.

They continued to explain there is nothing that won't heal if you convey the message that you truly care. And they concluded after 25 years you realise it is all about being a good friend to the spouse.

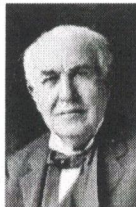

As I continued to enjoy the insight that was being shared with me, I just could not help think how great it would have been if young men and women could hear all this. These two gentlemen were not counselors, psychiatrists or claiming to be experts in any way; other than being married and reflecting on those years of experience.

No one can be right or wrong. It all depends from whose side you are looking at the perceptions in life. I realized it all depends on knowing oneself.

It is about knowing what you truly want. Parents provide care and education and then it is up to each person where their children go from there. I am sure parents say a quiet prayer hoping all goes well.

Whoever said exams are over when you complete education?

## Quotes of the day

**I never did anything by accident, nor did any of my inventions come by accident; they came by work.**

— *Thomas A. Edison, an American inventor and businessman*

**I'm not concerned with your liking or disliking of me... All I ask is that you respect me as a human being.**

— *Jackie Robinson, an American baseball player who became the first African-American to play in Major League Baseball in the modern era.*

**Only the weak are cruel. Gentleness can only be expected from the strong.**

— *Leo Buscaglia, an American author and motivational speaker*
